2024 PILLARS PUBLIC VERSION

THRIVE

This document is the revised version of the 2024 Mission Vision Purpose and Values that were voted on and created in March 2024. This version is endorsed by the Elders.

Mission

Driving impactful sustainable change by measuring what matters most, illuminating the path to thrivability, promoting collaboration, and amplifying voices for a thrivable future.

Vision

United beyond sustainability, creating a thriving world for the benefit of all.

Purpose

Provide individuals, organisations, and communities, the tools and knowledge necessary to act sustainably, ensuring society prospers and continues to thrive into the future.

Values

Collaboration

- We work together, including with other organisations and entities, to achieve our goals
- We believe there is power in numbers and together we can achieve more than we can alone
- We welcome different skills, perspectives, experiences, and ideas when making decisions or working on projects
- We keep each other informed
- No one person is more important than another

Empowering

- We share our knowledge with the world and each other
- We are focused on continual quality improvement
- We provide opportunities for development
- We ensure everyone has access to the information and tools they need
- We empower people to act

Transparency

- We are honest and tell the truth to each other and society
- We keep each other and the world informed
- We don’t hide our thoughts, feelings, or actions
- We question our biases and use science-based information to form impartial opinions

Innovation

- We are change-makers
- We are always striving for new and better ideas and ways of doing things
- We take risks

People-driven

- We are always friendly, respectful, and caring in our interactions
- Volunteers are the backbone of THRIVE and we consider them our most valuable resource
- Our outputs are geared towards helping people first and foremost
